"Jess has some serious talent!! Starting from her photography, she simply catches the perfect moment at the perfect time! A few examples include baby photography, advertisements, bridal showers, weddings, concerts, sports, or even photographing as a hobby, it is perfect! The amount of detail, creativity and enthusiasm Jess shows while catching the perfect moment is amazing. So much thought is given to each picture captured, and has some beautiful story behind it. Not only is Jess amazing at photography, the paintbrush is her magic wand! The paintings all come from her creative mind, and are then put onto a canvas. Any idea that others have that they want, Jess brings it to life with her talent. I myself have quite a few pieces of her art. Each piece brings a smile to my face, as it would do the same to others. She is very lucky to have her art as a display for others to witness and have the opportunity to own a piece of the art!" - Kristiana Iaconis

"I can not praise Jess Paternoster enough. She is an absolute powerhouse behind the camera in every possible way. As a musician, she has been my go to photographer on artwork for each of my releases from day 1 and she has delivered flawlessly every single time. In addition, she's also an incredible editor as well. You can see the details and aesthetics really pop in her pictures, achieving perfection without fail. To me, she has incredibly strong potential to be one of the greatest photographers of all time. That's how fantastic she is." - Daniel Madeson

"I can not say enough great things about Jess Paternoster! She's photographed both of my sister's bridal showers and took such beautiful pictures for both events. Jess is so kind, warm, and personable; and she really made everyone feel comfortable in front of the camera. Her work is beautiful! We have so many amazing pictures and are so happy we found her. We can't wait to work with her again for future family events!" - Jillian Lepore
